Have you had a Dalmatian before?

Why are you interested in a Dalmatian?

What are traits/qualities in a dog that are important to you?

Are you prepared to spend the time necessary for properly training a puppy?

If you rent, are you aware that Dalmatians are frequently a banned breed and thus locating acceptable housing can be difficult and time consuming?

If you were no longer able to keep a dog at any point through its life, what would you do?

What kind of hobbies/activities do you plan to involve your puppy in?

Are you aware that Dalmatians can live up to fifteen years or older, and that having one is a lifetime commitment?
